## TOOK UP ALABAMA CASE

"Brother Charley" Predicts That It Will  
Be Taft Without Difficulty and  
on the Very First Ballot,  
Too.

Chicago, June 5.—The Republican national committee, with nearly every member present, to-day began making up a temporary roll for the convention which assemblies here 11 days hence. The first work was deciding contests. Alabama contestants, because of alphabetical preference, will be taken up first. Before entering the hearing, Chairman New said it would take the committee at least four hours to decide Alabama's case. Simultaneously with the assembling of the committee several "head-quarters" got busy.

The boom for John Hayes Hammond for vice-president attracted attention to-day. "Hammond on the ticket," said one of his friends, "will mean the committee will have no trouble in raising funds. But if it isn't Hammond, we think it will be Fairbanks in spite of his refusal to run."

Booms of former Governor Murphy of New Jersey and Governor Guild of Massachusetts are also here.

Brother Charley's Predictions.  
Charles H. Taft of Cincinnati, brother of the secretary of war, came to Chicago yesterday and promptly announced that he expected the secretary to be nominated without difficulty on the first ballot. He smiled as he cautioned listeners to remember that he was a prejudiced witness, but asserted that there was no doubt in his mind that only one ballot would be cast. He said that in his opinion the figures of the Taft bureau should be taken seriously, because "our figures from the beginning of the fight for the Republican nomination have been nearer right than those of other fellows."

At the headquarters of Joseph G. Cannon, it was declared that the estimates of strength made by the Taft people were largely overdrawn and John Eversman, the confidential man of Congressman McKinley of Champaign, Ill., who is in charge of the headquarters at the present time, asserted that the Illinois candidate would not only have more strength than has been generally credited to him, but the Taft people would not be able to show more than 350 votes on the first ballot.

## KEACHELL GOT DECISION.

Boxed Ten Fast Rounds With Billy  
Papke at Kewanee, Ill.

Hippodrome, Milwaukee, Wis., June 5.—Stanley Ketchell, grand champion of the world, last night got the decision over Billy Papke of Kewanee, Ill., at the end of a fast ten-round bout, before 6,000 spectators at the Milwaukee boxing club at the Hippodrome building. The contest was furious from the top of the going to the finish, with the exception of clinches. Time and time again Ketchell forced Papke to the ropes with onslaughts of rights and lefts to the body. Ketchell appealed to the referee to break the clinches repeatedly.

Ketchell, in the first round, took considerable steam out of Papke by landing a terrible right to the jaw, sending the Kewanee man to his knees. The Grand Rapids man worked the right and left shift to good advantage. At the end of the last round Papke was plainly in distress. Both men were in the pink of condition. Hugh Kelly, Sam Langford, Jack (Twin) Sullivan, Jack (Philadelphia) O'Brien, and Unk Russell challenged the winner.

Round 10.—Ketchell swings both misses, and they clinch. Ketchell forces Papke around ring. Ketchell lands right to stomach. Papke lands furious left to Ketchell's mouth. Ketchell forces Papke to rope and staggers him with left and right to jaw. Ketchell gets decision.

PARIS STILL EXCITED  
OVER DREYFUS SHOOTINGStudents Made a Demonstration Against  
The Government Today—Five Hun-  
dred Arrests Have Been Made.

Paris, June 5.—Disturbances following the attempted assassination of Major Dreyfus yesterday continued through the night and culminated to-day in a demonstration against the government by a group of students. The police charged the students and after a fierce clash, in which many arrests were made, the students dispersed singing the "Marseillaise" as they fled.

Troops have been parading the streets for the last 24 hours, checking incipient riots. In all more than 500 arrests have been made.

As soon as order is restored they will be liberated. The city is still excited. Dreyfus is resting quietly and refuses to believe the shooting was the result of a plot.

Firm in the belief that Louis Anthème Grégori, the would-be assassin, acted as an agent of an anti-semitic organization, the police today made a thorough search of his Paris apartments and country villa in the hope of finding compromising papers. No word was given out as to whether the search was successful, but the police are continuing their activity.

VERMONT MAN  
WAS THE VICTIMHis Bride of a Few Months Passed Him  
as He Was Being Carried to a  
Hospital in North Adams,  
Where He Died.

North Adams, Mass., June 5.—Holding an ether cone over his face to prevent him from suffering agonies from his injuries, Dr. L. C. Chase, 24 year old, of Wilmington, Vt., lay under the wheels of a passenger engine at Hoosac tunnel on the Hoosac Tunnel & Wilmington railroad late yesterday afternoon till track hands jacked the engine up from his crushed body.

Still conscious, he was hurried out through the tunnel to the North Adams hospital, where he died a few minutes after he was removed from the operating table.

His bride of a few months and his mother, who had been in the city, passed him on the train east that meets the train west on which he was brought here dying. Learning at Hoosac tunnel of the accident to him, the bride and mother returned here and got back only in time to arrange for the disposal of his body.

Young Chase was a fireman on the Hoosac Tunnel & Wilmington road. He was at work on the engine hauling the passenger train that connects at Hoosac tunnel with the Boston & Maine train due here at 4:45 in the afternoon. His train had arrived at Hoosac tunnel and was taking the switch that brings it up to the Boston & Maine depot. There is a forked switch there, and it is the duty of the fireman to get off and set the switch and let the engine move up into place at the depot.

Chase had got off and turned the switch, his train almost at a standstill, and it is supposed that he attempted to jump on the front of the engine as the train was moving toward him. He missed his footing and fell in front of the engine, the front wheels of which pinned him to the track.

Dr. Frank D. Stafford and Dr. M. M. Brown of this city happened to be on the train. In less than a minute Dr. Brown had half a grain of morphine in the man's veins and had the ether cone over his nose and mouth. Chase, still conscious, asked the doctors not to let him suffer. He was able to assist the surgeons and the men who worked to take him out. He was unable to assist to the ether cone, as it was difficult for the surgeons to reach it to him. The cone was kept saturated and Chase held it in place.

While he was on the operating table at the hospital here, it was seen that nothing could be done to save his life.

Frank Littlefield, 30, of Cape Porpoise, leg and face bruised.

Mrs. George Wakefield, 30, of Cape Porpoise, leg and face severely bruised.

Two of the coal cars were forced on top of the trolley car, tearing off the top and piling beneath the wreckage the passengers who did not jump.

It was an hour and a half after the accident before the rescuers were able to get the last of the injured from beneath the debris. The passengers car was proceeding to Kennebunkport when it met the electric locomotive dragging two empty coal cars at the foot of a strong grade. Motor-men, who were backing up the train, the brakes and made every effort to check his car before the crash came, but both the train and the car were under such speed that the collision became inevitable. The motor-men, conductors and all of the male passengers jumped before the train and car met and were uninjured save for a few bruises.

River for Swim.

Nashua, N. H., June 5.—Eli Desmarais, the six-year-old son of T. Desmarais, 12 Van Buren street, and his eight-year-old brother, Joseph, wandered away yesterday afternoon and at a point on the Nashua river bank, in the rear of the Maine Manufacturing company, decided they would go in swimming.

Neither of them had ever been in the water before, and when Eli jumped in, as he had seen older boys do, he was caught by the swift current and drowned. The brother tried in vain to get him out with a pole. Then he took the clothes and ran home. The police have been unable to recover the body.

ST. ALBANS DOCTOR  
HAD NARROW ESCAPELunatic Aimed a Blow With Club and  
Dr. A. A. Skeels Dodged, Then  
Followed Struggle With The  
Crazed Man.

St. Albans, June 5.—Richard Thomas, a violent and dangerous lunatic, will be taken to the state hospital for the insane at Waterbury today, where he will probably spend the rest of his days in the prisoners' ward. Thomas' arrest followed a murderous attack made by him yesterday morning on Dr. A. A. Skeels, when he stole quietly up behind the doctor and tried to brain him with a big club, the doctor fortunately escaping with a badly bruised arm.

It appears that yesterday morning Dr. Skeels went to the home of the Thomas family, the aged mother of the lunatic, with the intention of having the old lady placed in the St. Albans hospital, where she could have proper care and treatment. While he was there Overseer of the Poor Ebenezer Brooks and Selectman William Cunningham came to the house to inquire into the condition of Thomas, of whom many complaints had been made.

The doctor and the officers were discussing the old lady's case in the kitchen, when suddenly without a bit of notice or warning of any kind, Thomas leaped into the kitchen from the stairs, and swung a heavy club at the doctor's head with all his might. The doctor happened to glance over his shoulder as the club came down and dodged aside so that his right arm received a terrible blow at the elbow.

Selectman Cunningham with rare nerve and presence of mind grabbed Thomas by the waist and threw him to the floor, where after a terrific struggle the man was subdued and finally taken to the jail. Thomas is of massive build and a giant in strength. His arms are as large as an ordinary man's legs and his wrists are so large that handcuffs could not be found large enough to put on him.

Solid.

Fleetwood of this place announces that he will be a candidate before the first district convention of the Republican party for the nomination as representative in Congress. In entering a contest which already involves two other candidates, the Hon. D. J. Foster of Burlington, the present incumbent, and Frank L. Fish of Vergennes, who has just resigned a lucrative federal office to make the race, Mr. Fleetwood is assured the solid support of his county of Lamoille besides that coming from numerous friendly quarters elsewhere in the district.

UNKNOWN BOY  
WAS DROWNEDWhile Fishing in Mad River  
at Waitsfield

## BODY SOON RECOVERED

He Had Told One Party That He Was  
from Barre, But Had Registered  
at the Hotel as "Will Leonard"  
of Sheldon.

Waitsfield, June 5.—An unidentified young man was drowned in the Mad river in this village last evening. The body was recovered within twenty minutes and will be buried to-day at the expense of the town as the authorities have been unable to get any trace of relatives. The boy came to the hotel Wednesday and registered as "Will Leonard, Sheldon."

Inquiry by the Waitsfield selectmen by telephone failed to locate anyone by that name in Sheldon, nor was any one reported missing there. So it is presumed that the boy registered under a false name and place, especially since he had told several different stories to people about town in the short time that he had been here. He told that he came from Switzerland, from Barre, from Rochester, N. H., from Belvidere, and also that he had been in the reform school. The selectmen here got into communication with all the Vermont places named, but could get no information.

The stranger had worked three days in Pliny Parker's saw-mill before coming to this village Wednesday. Yesterday he borrowed a fish-pole of Frank Maxwell and went out fishing in the Mad river, which runs through this village. His drowning was witnessed by two boys, Raymond Baird and Caspar Smith. They saw him walking along the bank of the stream, when he slipped over the bank, and, falling some twenty feet, landed in the water. The boys waited for him to come up, but when he didn't reappear they ran to a store only a few rods away and gave the alarm.

Men went to the rescue and after twenty minutes effort located the body in a dozen feet of water and brought it up, later carrying it to the undertaking rooms. There wasn't a cent in the clothing, but there was a letter addressed to a party in Warren. The letter was not stamped, the boy apparently not having the two cents necessary to send it.

He was about 18 or 20 years old, five feet and four inches in height, weighed 135 pounds, had light hair and blue eyes. He wore dark-colored trousers under blue overalls, a dark coat and had no hat at the time. It has been learned that he had applied for work at several places in town.

## ONE CASE ENDED

In Orange County Court, Jury Reporting  
Yesterday.

Chelsea, June 5.—The June term of Orange county court convened Tuesday, June 3d, Judge M. L. Waterman of Brattleboro presiding. The forenoon was devoted to the reading of the docket and the afternoon was devoted to the calling of the grand and petit jurors and getting the wheels in motion. F. D. Richardson of Brookfield was excused from service as a grand juror and Albert L. Chaffin of Montpelier was called as talesman. Warren L. Crafts of Bradford was appointed foreman. The grand jury is in charge of deputy sheriff H. F. Baldwin of Wells River, who is assisted by deputy sheriff A. P. Baneroff of Fairlee.

The first case ready for hearing by jury was that of Joseph Corcoran vs. Elbridge Holman and George Trask, a case of trespass on the frehold arising from the disputed right to take water from a certain spring on the land owned by the plaintiff. This case occupied the attention of the court until Thursday noon, when it was given to the jury, who soon after the noon hour rendered a verdict for the plaintiff to recover \$11 and his taxable costs against defendant. Trask, and they also found for defendant Holman, a verdict of not guilty in manner and form as alleged in the declaration and for him to recover his costs. One unusual feature noticed in the case was the advanced age of the plaintiff, who was 84 years old, but in spite of his years he was young in the spirit of demanding his rights. One witness for the defense, Grenville Barnes of Randolph was also 82 years old.

N. L. Boyden and E. M. Harvey were counsel for the plaintiff and Sherman Moulton and David S. Conant were counsel for the defendants.

The case of the Woodsville Savings Bank vs. Albert E. Rogers et al, is now being heard by the jury. Sheriff Sprague is assisted by Deputies B. H. Adams, Jr., and E. W. Kent. The outlook is that the court may occupy about three or four weeks' time.
